How can we as an international service carry the message to the still suffering who are not in contact with OA yet?

What do they do in other regions?

Committee Goals:

-Have on our Region 9 website where to get PI/OA- information from after having put together essential PI-links from oa.org site.

-Invite Meetings and Service bodies to send in their PI-stories to the website oa.org-site

-Keep in touch...: our committee stays in touch once a month via skype discussing progress

Current Projects:

none from last years,

-scanning oa.org site since R9-assembly in Iceland.

-send out together little PI-ads for the meetings to send out or to put in doc's offices.
