

Dear OA fellows!

Here's a little reminder

from your R9 Finance Committee.

Tradition 7

Please do share your experiences with service bodies in our region. How does your group encourage members to “think big” when contributing? How does your group decide how much money to send to your Intergroup/Region? Do you have any ideas for fundraisers? All your ideas are valuable!

Group registration number

Please make sure to always state your group registration number when contributing money to R9. Our banker will send you a receipt but looking for the various service bodies without the registration number is very time-consuming. Thank you!

Holiday gratitude

Holidays are a time of love, laughter, fun, and also gratitude. We all have many things to be grateful for, the OA program and our OA friends and sponsors have given us a new life. So, why not include OA contributions in you “holiday gratitude”?

Season's greetings and a happy and abstinent new year!

Love in Service

The finance committee, R9
