

Literature & Translations Committee 2014

This year we have been 7 members in the committee.

We have decided to send the Translating list out to all the non speaking English countries only one time.

When we send out the list we encourage the countries to translate at least one piece of literature every year.

We also emphasize availability of financial support from Re9 and WSO and how to apply for it.

We have gotten answers from very few countries and the updated list has been forwarded to Reg 9.

Thank you to Reg 9 and WSO who have send out message about deadlines and apply for the financial support.

We have send a glossary list to Reg 9 and gotten the list back with some suggest. We are still working on that list.

Thank you to all the members in The Literature & Translating Committee 2014.

Thank you very much for allowing me to do this service.

In fellowship
